### JET INTRO PACK *Aerobatics from Mild to Wild*

#### What's Included?

- ◇ Introduction
- ◇ Briefing
- ◇ Photo Session
- ◇ Flight
- ◇ De-Briefing
- ◇ Memorabilia

#### Introduction

When you first arrive you'll be greeted by our friendly staff, meet the pilot and get a brief run down of the events of the day. All amenities are available to the passenger and their guests.

#### Briefing

The briefing will commence with a short video that gives details on the aircraft, the manoeuvres and important safety points.

The audio visual nature of the video ensures you get the best possible appreciation for what it is you are about to go out and do. This enhances the experience because you are more aware of what is going on.

The latter part of the briefing involves fitting of helmet and parachute along with an explanation of how these are used.

#### Photo Session

This is probably the most daunting part of the whole experience - many of us 'hate' having photos taken - but at the end of the day this is a once in a lifetime experience and after all you do need "proof" of the feat.

It is good to look back on the flight of a lifetime.

#### Flight

- actual airborne time between 10 and 13 minutes airborne

This is the good bit. Prior to the flight we briefly review the pertinent safety points. The flight itself has many aspects and the experience is very full.

Aerobatics and air combat manoeuvres. Inverted flight. Weightless flight - 0 G's - Barrel Rolls, Loops, Victory Rolls, Derry Turns, Wing Overs and combination manoeuvres. Operating up to 12,000 feet.

Return to the circuit and landing (recovery) via a high speed "Initial and Pitch" manoeuvre.

#### De-Briefing

After we land we have a brief discussion about the flight and answer any questions you have.

You then get to relive the experience with family and friends by watching the video of the flight. This is broadcast quality video with in-flight editing between 3 different cameras and allows those unfortunates who were left on the ground to share your experience inside the plane.

#### Memorabilia

With the mission completed you'll have memories for life.

To aid in that memory you'll receive a CD with digital photo's of the day, a completion certificate, cap, coffee mug, briefing book and framed photo to proudly display.

#### Additional Information

Give us a call on 1300 7222 41 or visit our website at [www.fighterflights.com.au](http://www.fighterflights.com.au) for more info.

A DVD or VHS video of the flight is available for purchase separately .
